

**SPECIAL  $q$ -CHEBYSHEV POLYNOMIALS OF  
THE THIRD AND FOURTH KINDS**

Tadayoshi Takebayashi

Received June 28, 2019

**Abstract**

We define special  $q$ -Chebyshev polynomials of the third and fourth kinds according to the idea [J. Cigler, Some remarks about  $q$ -Chebyshev polynomials and  $q$ -Catalan numbers and related results, preprint] in the cases of the first and second kinds.

**Keywords and phrases:** special  $q$ -Chebyshev polynomial, Chebyshev polynomials of the third and fourth kinds.
