

**A CLASS OF DIRICHLET FORMS GENERATED BY  
PSEUDO DIFFERENTIAL OPERATORS WITH  
INFINITE NUMBER OF VARIABLES**

Hoda A. Ali and Dhekra M. Al-Baqeri

Received September 19, 2011; Revised November 1, 2013

**Abstract**

We show that under suitable assumptions it is possible to construct some Dirichlet forms starting with pseudo differential operators with infinite number of variables.

**Keywords and phrases:** Dirichlet form, negative definite function, pseudo differential operator.
